WHAT / CONCEPTS

Question	Predicate	Model
How can we define the concept?	rdfs:label	RDF
What type of entity?	rdf:type	RDF
What is the subject?	dcterms: subject	DC Terms
What is the title?	dcterms: title	DC Terms
What is the summary?	dcterms: abstract	DC Terms
What are places related to the concept?	dbpedia-owl:relatedPlaces	DBPedia
What are other useful references for the concept?	rdfs: seealso	RDF
What are other concepts related to it?	skos:related	SKOS
How can we describe this relation?	dc:description	DCMI
Which resource has this entity as primary topic?	foaf:isPrimaryTopicOf	FOAF
Who produced it?	crm:P108_was_produced_by	CRM
What is the year of production?	ead:year	EAD
How many parts has it?	crm:P106_is_composed_of	CRM
On what was it based?	crm:P136_was_based_on	CRM

WHO / PEOPLE

Question	Predicate	Model
What type of entity?	rdf:type	RDF
What is the name?	Foaf:name	FOAF
What is the surname/last name?	Foaf:surname	FOAF
What is the gender?	Foaf:gender	FOAF
What is the person's job/occupation?	Core:occupation	Core Concepts Ontology
What is the person's date of birth?	dbo:birthDate	DBpedia
Where was the person born?	dbo:birthPlace	DBpedia
When did the person die?	dbo:deathDate	DBpedia
Where did the person die?	dbo:deathPlace	DBpedia
In which country was the person born?	person:countryOfBirth	Person Core Vocabulary
In which country did the person die?	person:countryOfDeath	Person Core Vocabulary
What is the person nationality?	dbo:nationality	DBpedia
Which resource refers to the same entity?	owl:sameAs	OWL
Who was this person?	dcterms:description	DCterms
Is there a wikipedia article about the resource?	gn:wikipediaArticle	GeoNames

WHEN / DATES

Question	Predicate	Model
What is the type of entity?	rdf:type	RDF
What is the format of the date?	ead:date	EAD
How is the date translated in XSD?	time:inXSDDate	Time Ontology
How is the year translated in XSD?	time:inXSDgYear	Time Ontology
What is the relation between the date and the concept?	dcterms:relation	DC Terms
Which resource has the date as primary topic?	foaf:isPrimaryTopicOf	FOAF

WHERE / PLACES

Question	Predicate	Model
What is the type of entity?	rdf:type	RDF
What is the country the place is located?	dbo:country	DBpedia
What is the name of the place?	gn:name	GeoNames
What is the alternative name of the place?	gn:alternateName	GeoNames
What is the historical name?	dbo:historicalName	DBpedia
What is the building start year?	dbo:buildingStartYear	DBpedia
What is the address?	schema:address	Schema
What is the latitude?	geo:lat	Basic Geo
What is the longitude?	geo:long	Basic Geo
What is the map location of the place?	gn:locationMap	GeoNames
What is the country code?	gn:countryCode	GeoNames
What is the place wikipedia page?	dbo:wikiPageExternalLink	DBpedia
What is the description?	dbo:abstract	DBpedia
